GRANT COUNTY HUMAN SERVICE PRESS RELEASE

Pope County Human Services and Grant County Social Services are pleased to announce the future formation of Western Prairie Human Services, a joint entity that will serve the people of our two counties.

After working together with a temporary joint powers board to explore the feasibility of joining our human services agencies, both the Grant County and Pope County Boards have made the decision to enter into a permanent joint powers agreement together. On January 1, 2022 entities now known as Grant County Social Services and Pope County Human Services will join together and will be one agency named Western Prairie Human Services.

We want the citizens of both counties to know that both offices will remain fully staffed and open, and the County Commissioners of both counties will be members of the Western Prairie Human Services Board, the governing body in charge of making decisions for the new entity.

We believe this joint venture as one agency will increase service options and program availability without exponentially increasing costs, increase staffing capacity, and slow the growth in the overall agency footprint by sharing expertise and administration.

Western Prairie Human Services follows the path of other county partnerships in this process, taking from their successes that we can also provide person-centered care to the communities we serve while also providing an environment of growth for our staff. As we work toward a full merger as one agency in 2022, we continue to critically assess things like access and services levels, and look toward improvements we believe we can achieve together.

Look for our Western Prairie postcard coming to all residents of both counties. Additional access to information will be provided for both counties. Please join us in our excitement to serve our community to the best of our ability.

TO OUR READERS

The plant that prints our *This Week's Shopping News* had a fire a few weeks ago. Because of this, we have been printing at a different location. This has caused delays in our delivery schedule. Delivery has been delayed 12-24 hours in some cases.

We hope to be back to our original printers in a week or so and resume our normal delivery schedule.

We thank you for your understanding.

Gary Becklund

Gary Robert Becklund, born in Jamestown, ND to Lauretta and Robert Becklund, passed away peacefully on September 28, 2021 at the age of 80.

Gary and his family moved to Fergus Falls, MN where his dad started the Texaco Service station and Becklund Oil. Gary graduated from St. Cloud State University and was passionate about cars, planes, golf, hunting/fishing, stock trading, and good food and wine. He traveled much of Europe and the US buying and selling cars, opened a pizza restaurant in Fergus Falls while still in High School, worked with his brother in the family business, sold HydraTroll motors with his dad, worked for a radio station in Denver, attempted to open a diaper factory off of Greece, dabbled in real estate investments and eventually became a catastrophic insurance adjuster later in life.

He was married and divorced twice, first to Karen Lund, then Florence

Sharon Rautio

Age: 81
From: Perham (formerly of New York Mills, MN)
Visitation: Thu., Oct. 7, 4-7pm at Karvonen Funeral Home of New York Mills, MN and one hour prior to service at the church
Service: Fri., Oct. 8, 2pm
Location: First Congregational United Church of Christ in New York Mills, MN
Funeral Home: Karvonen Funeral and Cremation Service, New York Mills, MN
Online condolences may be sent to www.karvonenfuneralhome.com

Laborde. He was the proud father of three girls (Sim, Stacey & Alexia) and two boys (Scott & Andre).

He is preceded in death by his parents and is survived by his brother Tom (Jan) Becklund, sister Robin Newcomb, daughters Sim Talbot, Stacey Becklund, Alexia Becklund Cross, sons Scott Becklund and Andre (Karissa) Becklund, grandchildren Hunter (Sim Talbot), Rawnsen (Stacey Becklund), Evan, Andrew and Rylie (Alexia Becklund Cross), Sage and Mae (Scott Becklund), and Camden and Hadley (Andre Becklund), as well as three great grandchildren, Aubree, Dayton and Asher.

He will be missed dearly and will be remembered for his charismatic personality, humor, great friendships, dashing good looks (you're welcome, Dad), and incredible stories about his travels and adventures.

Family and Friends are welcome to attend a memorial service at Olson Funeral Home in Fergus Falls at 4pm on Friday, October 15th. A burial following the service will be held at Oak Grove Cemetery and the family will be toasting drinks to Gary at the Eagles after that.

Arrangements are provided by the Olson Funeral Home in Fergus Falls.

Online condolences may be sent to www.olsonfuneralhome.com

"We're all just passing through"

Steve, it's been five years since you passed so quickly from us.

We miss you so much,
your kindness, your smile,
your laughter, your crazy fun ways & your great attitude about life & death.

Until we see you & we are with you again someday, we are so blessed to have our wonderful memories of you & we feel your spirit with us everyday.

*Loving You Forever,
Your Family & Friends*

When Does 1+1 = 6 ?
Cats Don't Add, They Multiply.

By Kristi Lausch, HSOTC Board of Directors

Faster than you can add one plus one, the number of cats and kittens at the shelter can go from manageable to bursting at the seams. **The Humane Society of Otter Tail County presently has 57 cats and kittens available for adoption...all are fully vetted and ON SALE through October for just THIRTY BUCKS, with your approved application.**

Fully vetted means the HSOTC shelter kittens and cats are current on required immunizations. All have had thorough examinations by one of our full-time vet techs and if additional vet care is indicated, they have been seen by a local veterinarian. Most have been spayed/neutered or will be required to be in the future and for added peace-of-mind, all have microchips. They are ultimately some of the healthiest cats available anywhere, with everything included in the \$30 adoption fee. Adopting a shelter cat can also help remove the guesswork around whether your new feline family member will be a good fit in your home.

Our workers typically know the background of shelter animals and can share tidbits about their temperaments and personalities. They can help match a cat that will get along with other animals in your home or perhaps recommend

one that will be comfortable around kids and chaos versus one that prefers to be a quiet couch potato.

But of course, if adoption is not for you right now, we hope you will consider volunteering your time to socialize these precious babies in our beautiful cat sanctuary area. Whether you have twenty minutes or three hours to spare, the cats are happy for any time they get to play, climb and purr outside the confines of their suites.

We are also always in need of reliable foster families willing to help with our overflow when needed. And of course, with more cats comes more need for donations of cat litter and high quality kitten food (preferably Iams, Science Diet, Blue Buffalo or Purina). The consistent use of high quality food in our shelter helps to ensure more healthy digestive tracks for the animals and less clean up for shelter staff. And lastly, please do your part to control pet overpopulation by spaying/neutering all cats and dogs in your care. In just 16 months, one unaltered cat can produce 36 offspring.

Visit our website at www.humanesocietyotc.org to take a peek at current cats in search of loving homes or visit them during regular business hours, **Monday-Friday 10-5:00 and Saturdays 10-3:00.**

American Lung Association.

I think it's just vapor. It won't hurt my kid like cigarettes, right?

The vapor that's inhaled from e-cigarettes contains harmful chemicals that can cause irreversible lung damage. And e-cigarettes have nicotine, a toxin that's addictive and can change your kid's brain. Those are the facts.

Talk to your kid about vaping. Get the facts at

TalkAboutVaping.org

Phenomenal Aire

Cold Plasma Generator Technology

Phenomenal Aire Improves Indoor Air Quality and Cleans Naturally and Safely.

Phenomenal Aire's cold plasma generator technology can offer the same feeling you get when hiking on a high mountain trail or strolling along the ocean shore... without ever leaving the house.

The Truth about Indoor Aire Quality
According to the US Environmental Protection Agency (EPA), the air inside our homes is often two to five times more polluted than the outside air. On average we spend 90% of our time indoors. The air we breathe is filled with pathogens, odors, mold and fungus spores.

How Phenomenal Aire Works
Phenomenal Aire creates a plasma field within a home's HVAC system. As air flows through the field molecules are charged, creating ions. These positive and negative ions then naturally scrub the passing air. The ions then travel on into the living space, where they safely kill mold, viruses & bacteria.

Removes Odor
Odors and VOCs enter the Plasma Field and are broken down into simple molecules like Nitrogen, Carbon Dioxide, Hydrogen, H2O, Water Vapor & Oxygen.

Cleaning Air Naturally Dedicated to improving health and changing lives.

Virus Bacteria Mold Pollen Dust Dander Odors

Phenomenal Aire Cold Plasma Generator technology kills pathogens and germs while eliminating odors from the air we breathe, without creating any harmful by products.

- Is ETL Listed & Meets ASHRAE Standards
- Generates No Ozone
- Generates No Offensive Smell or Taste
- Easy Installation
- Affordable
- Safe
- Has no moving parts
- Has no planned replacement schedule
- Only requires simple periodic inspection & cleaning

Cleaning Air Safely

You can rest easy knowing it's working!
