We Accept

Exercise caution near project sites

Despite the cool and wet weather, it's been a busy spring. As we continue deconstruction of Hoot Lake Plant buildings and begin construction at Hoot Lake Solar, you may notice some increased activity and traffic in the area.

Please help us keep you and our employees safe by not entering project sites. We'll finish work at Hoot Lake Plant later this year and plan to complete Hoot Lake Solar in 2023.

There's a warm and bright summer ahead. And we're looking forward to enjoying it with you!
