FUNERAL HOME & CREMATION SERVICES

Celebrate Life in Comfort

A warm, inviting venue to remember the life of your loved one. We invite you to stop in for a tour of our facilities, or tour online at glendenilson.com/facilities

301 East Washington Avenue, Fergus Falls, MN 56537 | (218) 736-7064 | Service Beyond Expectation, Every Step of the Way

POSITION: OUTAGE MANAGEMENT SYSTEM (OMS) OPERATOR

LOCATION: Fergus Falls, MN or one of our Customer Service Centers

At Otter Tail Power, our employees help us serve the communities we support by producing reliable, affordable, and environmentally responsible electricity. Our employees' impact can take many forms. Our successful employees ensure that our customers and communities have the power they need for modern life.

Resourcefulness, Customer Service and People. Some examples of what we're looking for include:

- Associate degree or equivalent work experience in electric utility or office setting or equivalent combination of education and experience.
- One or two years of experience in electrical utility dispatch and knowledge of electrical distribution switching devices and procedures is preferred.
- Must be proficient with Microsoft Software.
- Requires the ability to work rotating shifts, irregular hours and overtime as assigned.
- Strong oral and written communication skills are required.

Selected candidates will be required to complete a pre-interview assessment.

Offering:
We believe employment is a partnership and we expect excellence from our talented employees. To support our employees and help them thrive in their career experience and goals, we offer:

- Competitive wage & benefit package.
- o Employee Stock Ownership options
- o Retirement Savings Fund with employer match
- o Health insurance plan options

- Training – our average employee spends 40 hours in training and development each year! This includes safety – one of our 5 values and key to our success – technical, compliance and developmental training.
- Career development is critical to our long-term success. Otter Tail Power employees have opportunities to participate in various leadership development programs, gain access to an a la carte online leadership course catalog, receive mentorship from current leaders and more!
- Access to mental health support from the experts at SupportLinc.

If this sounds like a great fit for you, apply today. Don't wait too long though! To apply, visit our careers page at www.otpc.com. We'll accept applications through January 28, 2024.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or protected veteran status.

In this role, the Outage Management System Operator will be responsible for field dispatch for Otter Tail Power electrical system outages, internal and external communication leveraging the Company Outage Management System (OMS).

- Handle inbound and outbound calls for purposes of distribution system restoration (planned and unplanned outages).
- Initial entry, update, and completion of trouble tickets for emergency outage and non-outage conditions on the distribution system.
- Update outage prediction, which includes combining or splitting outages based on input from field employees or management.
- Coordinate field personnel to respond to outages or other issues on the Company distribution system and when requested by Power System Operators.
- Completing tasks related to customer requests and billing for electric services shall be fulfilled while not actively working planned or unplanned outages.

Qualifications:
We're seeking candidates with a wide range of skills who are motivated to deeply understand complex information and effectively communicate their findings while aligning with our core values: Integrity, Community, Safety,

POSITION: RENEWABLE ENERGY SPECIALIST

We have an opening for a Renewable Energy Specialist at the Ashtabula, ND wind facility. As a company, we continue to be innovative as we modernize our energy grid, enhance customers' experiences, and work toward a cleaner energy future. Join us!

We are looking for a two-year degree in renewable energy or related field and two years of prior work experience; or four years of related work experience. Individual must be a motivated, self-starter, capable of multitasking and setting priorities with a demonstrated successful track record. Accountable for teaching and leading team members. Must have a DOT medical card or have the ability to obtain a medical card. Must have the ability to become trained in high angle rescue; identify hazards and mitigate risk in various situations and conditions. Qualified applicant will be proficient with heavy equipment operations and maintenance, renewable energy component maintenance and repair, intermediate hand tool operation and low, medium and high voltage clearance (LOTO) execution. Demonstrated electrical troubleshooting and repair skills, and electrical diagram reading skills. Requires a strong safety culture and must be able to drive safely in all weather and road conditions. Selected candidates will be required to complete a pre-interview assessment.

Successful applicant will execute operating and maintenance methodologies/strategies with respect to the company's long-term renewable assets plan. Maintain, troubleshoot, and repair major components of GE and Vestas wind and solar technology. Coordinate with Operation and Maintenance contractors and ensure appropriate site access. Accountable for site mowing, snow removal, and road maintenance. Will provide afterhours coverage, outage and restoration assistance. Perform NERC generator owner and operations maintenance requirements. Travel may be required. This position will receive overtime.

Employee will be expected to establish residence 90 minutes from the assigned facility.

Offering:
We believe employment is a partnership and we expect excellence from our talented employees. To support our employees and help them thrive in their career experience and goals, we offer:

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or protected veteran status.

POSITION: PROJECT COORDINATOR

LOCATION: Fergus Falls, Minnesota

Description: At Otter Tail Power Company, our employees support the communities we serve by producing reliable, affordable, and environmentally responsible electricity. Everyone has an important role in accomplishing these objectives!

In the Project Coordinator role, the following activities are performed:

- Coordinate cost estimate and forecasts for internal and external projects.
- Facilitate required meetings.
- Track deliverables for each project identifying and making recommendations to mitigate any risks associated with schedules, resources, filings.

To be successful in this role, we're looking for candidates who possess the following skills and traits:

- There's a lot of innovation in our industry and we want positive, can-do people who are resilient through the challenges that sometimes come with change.
- Excellent communication and interpersonal relationship as you partner with various internal and external teams and stakeholders.
- A bachelor's degree or equivalent experience required; a degree in business or engineering is a plus.
- Project and contract management experience utilizing tools and/or techniques in developing, managing, and implementing multiple projects and contracts concurrently.
- Experience leading and coordinating cross-functional teams and projects and setting priorities in a constantly changing environment.

Selected candidates will be required to complete a pre-interview assessment.

Offering:
We believe employment is a partnership and we expect excellence from our talented employees. To support our employees and help them thrive in their career experience and goals, we offer:

POSITION: CONSTRUCTION MANAGER, TRANSMISSION LINES

LOCATION: FERGUS FALLS*, MINNESOTA *This role is eligible for a hybrid remote work schedule.

Description: At Otter Tail Power Company, our employees support the communities we serve by producing reliable, affordable, and environmentally responsible electricity. Everyone has an important role in accomplishing these objectives!

In the Construction Manager, Transmission & Substation role, the following activities are performed:

- Lead and supervise the construction of transmission lines or substations on various construction projects.
- Oversee and direct contractors, sub-contractors, utility management and other electrical contractors to ensure facilities are constructed to specifications and high level of workmanship.
- Advise and provide leadership on project costs, Requests For Proposal (RFP), contractor selection and any necessary change orders.
- Drive projects to completion while maintaining a safe work environment, staying on budget and on schedule
- Collaborate with internal teams like Project Engineers and Procurement to determine how to successfully complete projects.
- Develop appropriate project controls and contractor payment methodologies.

To be successful in this role, we're looking for candidates who possess the following skills and traits:

- There's a lot of innovation in our industry and we want positive, can-do people who are resilient through the challenges that sometimes come with change.
- Excellent communication and interpersonal relationship as you partner with various internal and external teams and stakeholders.
- We're looking for someone who can hit the ground running so a general understanding of transmission lines and transmission substation construction is required.
- We have a lot to accomplish so top candidates will be able to independently direct and manage their own and various teams' time and responsibilities. Balancing many projects and initiatives will be necessary to succeed.

- Our many internal and external teams and stakeholders will benefit most from a confident and experienced Project Manager.
- Safety is one of our values, so knowledge of OSHA requirements is required.
- PMP Certification or ability and willingness to obtain within a year of position acceptance.

Selected Candidates will be required to complete pre-interview assessment.

Otter Tail Power Company has a competitive wage and benefit package and has a strong focus on talent development. Apply online at www.otpc.com. Applications accepted through February 9, 2024.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or protected veteran status.
