Hunger Facts MINNESOTA

- Feeding America reports that 390,000 Minnesotans are facing hunger. 30% of these individuals are under the age of 18.¹
- Minnesotans made a record-breaking 7.5 million visits to food shelves in 2023.² This is up 36.4% from the previous record of 5.5 million visits in 2022², and up 102% from 3.7 million visits in 2021⁴. Annual visits to food shelves are now more than double the rates of pre-pandemic visits.³
- Food insecurity is present in all 87 Minnesota counties, but is highest in the counties of Mahanomen, Ramsey, Beltrami, and Blue Earth.⁶
- Only six counties in Minnesota saw their food shelf visits decrease in 2023 (Nobles, Itasca, Lincoln, Faribault, Cook, and Dakota). Food shelf visits in 2023 rose most dramatically in Kittson, Benton, Grant, Pipestone, and Crow Wing Counties.⁷
- Supplemental Nutrition Assistance Program (SNAP) enrollment by Minnesotans in 2023 was the highest it has been since 2016.⁸
- Due to federal cuts to SNAP funding in 2023, 235,000 Minnesota households saw their food stamp benefits reduced by an average of \$82 per month.⁹ Cuts to E-SNAP funding saw recipients of that program receive \$100 less per person per month compared to 2022.¹⁰
- Pounds of food distributed by Minnesota food shelves rose by 10% in 2023.¹¹
- In 2023, food prices increased by 5.8% nationally. Foods most impacted by inflation included beef, fresh fruits, fats and oils, and cereal and bakery items.¹² Across the board, food prices are now 25% higher than they were pre-pandemic.¹³

Minnesota's charitable food system (food shelves and food banks, meal programs, etc.) continues to run at capacity. Increased food prices, growing inflation rates, and slowing wage growth have put a significant financial strain on Minnesotans, making it increasingly difficult to maintain food security throughout the year. Though the state has taken measures to decrease hunger in 2024—including an additional \$5 million in funding for Minnesota's seven food banks¹⁴ and implementation of the Free School Meals bill¹⁵—massive leaps in food shelf attendance over the last five years suggest emergency food assistance providers will continue to be a critical resource to communities across the state.

Food security is "access by all people at all times to enough food for an active, healthy life."¹⁶

Food insecurity means access to adequate food is inconsistent and limited by a lack of money and other resources throughout the year. Food insecure households report their diets to be of reduced quality, variety, or desirability and/or experience disrupted eating patterns and reduced food intake.¹⁷

Equitable access to food means all individuals have "a voice in and access to a nourishing food system," regardless of race, socioeconomic class, location, gender, and other social identities.¹⁸

Food justice is the concept that communities have the right to grow, sell, and eat healthy, affordable, culturally appropriate food whose production supports the well-being of the land, workers, and animals." Food justice is based on the idea that "access to nourishing food is a basic human right."¹⁹

We're Back!!

The West Otter Tail Master Gardeners are having a Garden Day after a long dry spell. This one will be in a different format, only half a day with three lectures, one after another. Don't panic, there will be a 15-minute break between talks for coffee and cooky breaks.

It will be at the college (M-State Fergus Falls), in Legacy Hall, and start at 9am. Registration is \$20 payable at the door. The crew is still rounding up vendors.

Only half a day may be a relief to some of you who had to decide between 30-40 classes in our classic Garden Day. Especially since we didn't always have the same speakers.

The speakers this year are Julie Weisenhon who will be talking about creating a drought tolerant home landscape. Very appropriate as we definitely are currently very dry. Next on the stage is Adam Volz. He will tell us what's new in shrubs, and finally Don Kinzler's top tips for making us all better Gardeners.

You will be on your own for lunch, but Fergus Falls has a wild selection of places to eat. There are 3 sandwich shops, a Chinese restaurant, a Mexican one and lots of hamburger places. If you go home hungry you just aren't trying.

If your guys aren't gardeners, we have the "boys toy store" that should keep them happy for the morning.

If you need more information you can find us at: extension.umn.edu/local/otter-tail-west. Or call 218-998-9768, the West Otter Tail Extension Office.

GLENDALOUGH STATE PARK

EVENTS Annual Walk for Glendalough April 27, 2024 • 9am to 1pm

Nestled in the transition zone between prairie and hardwood forest, Glendalough offers a true respite from civilization. Crystal clear Annie Battle Lake is a 335-acre, non-motorized "Heritage Fishery" that provides a tranquil fishing experience second to none. Special regulations sustain a steady supply of large sunfish, crappie, and the occasional walleye for the frying pan, and large bass for the camera. Near the pristine shores of this lake are a cart-in campground and canoe-in campsites, all free from the traffic and noise of traditional drive-in camping.

Annie can also be the starting point for an exploration of the park by canoe or kayak on the connecting creeks. The restored historic Glendalough Lodge on the north side of the lake details the park's history as a private retreat and game farm for the Minneapolis Tribune.

Numerous hiking trails, including two interpretive trails, meander along five lakes, through rich woods and blooming prairies. Wildlife abounds year-round, and there are many observation decks along the trails. Trails are groomed in winter for skiing and snowshoeing. Picnicking and swimming is available on two sandy lakes.

Migrating monarchs should be highly visible along the Prairie Hill Trail from mid-August through Labor Day. Vehicle permits are required and can be purchased at the park. For more information, call the park at 218-864-0110.

VIRTUAL TOUR Take a panoramic virtual tour of Glendalough State Park. Peek inside the Glendalough Lodge, marvel at a vibrant prairie sunset, check out the unique canoe-in group campsite, and more. It's a great tool to help you plan your next trip to the park! Take the high speed panoramic tour or the low speed/accessible tour. www.dnr.state.mn.us/state_parks/glendalough click on the Panoramic Tour or the Snapshot Tour under Park Notes.

**Hours: Best time to contact the park is:
